

# ESL Kids World: Recycling – What can we re-use?

Name: \_\_\_\_\_

Date: \_\_\_\_\_

Why do the Earth's  
resources  
deplete? We  
can recycle  
paper, wood,  
plastic, metal  
and glass. How  
can we re-use  
plastic bottles?  
Easy! We can  
make vases with  
old plastic bottles.  
Anything else? Sure.  
We can make notebooks  
with used paper. How?  
Just cut it up and then  
staple it together. Great!  
How do we re-use cans?  
We don't! We usually  
recycle them into new  
cans.

**Read the paragraph. Find the text and answer the questions.**

Why do we need to recycle? We need to recycle to save the Earth. What can we recycle?  
We can recycle paper, wood, plastic, metal and glass. How can we re-use plastic bottles? Easy!  
We can make vases with old plastic bottles. Anything else? Sure. We can make notebooks with  
used paper. How? Just cut it up and then staple it together. Great! How do we re-use cans?  
We don't! We usually recycle them into new cans.
