

Travel: Where are you going to?

Read the paragraph below and find the text in the maze.

Find the text in the maze!

In the future, traveling to space will become easier because of advances in technology. People will be able to go on holiday, whether it's to Mars, Jupiter, Venus or Saturn. Going to the moon will probably be considered a short trip away from home, since rockets and spaceships will become faster and quicker. Therefore, people are going to have more opportunity to travel to space and enjoy the dreams of past generations. Surely, finding out what they are will be fun!
